Inside you will find a world inspired by a passion for the natural environment & a Philosophy to celebrate & protect it. Welcome to an endless world of colours.

Apt
Exterior Emulsion

Optima Weather Proof
Exterior Emulsion

Mathulac Apt Exterior Emulsion and Optima Weather Proof Exterior Emulsion are water-based, exterior wall finishes. Mathulac Apt Exterior Emulsion is suitable for dry or moderately humid climatic conditions.

Directions for use (for Apt & Optima)

Clean the surface thoroughly using a wire brush and remove loose material from the surface. Surface imperfections such as holes and fine cracks are to be filled with Mathulac Wall Putty or a mixture of white cement & fine sand only (in the ratio of 1:3). In the case of freshly-plastered completely cured surfaces only, apply one coat of Mathulac Weather Coat Primer by mixing water and primer in the ratio of 1:1.

When using Mathulac Apt - for best results, on all surfaces, Apply 2-3 coats by diluting 1 liter of Mathulac Apt with maximum 750ml of water. Keep an interval of 4-6 hours between two coats.

When using Mathulac Optima- apply 2-3 coats by diluting 1 liter of Mathulac Optima with maximum 400ml of water. keep an interval of 4-6 hours between two coats.

For both Mathulac Apt and Optima, 3 coats are recommended on horizontal surfaces for greater protection.
